

*God we miss you, we miss you so much.*

*We seem to have lost our way and we are very lonely without you.*

*We want to come home to you more than our hearts can bear.*

*Thank you for our complete defeat.*

*Thank you for the pain of the journey home.*

*Thank you for leading us to one another and to the path of seeking you.*

*Please allow each of us here today to experience your presence and through that show others how to know you.*

*May we always be in the present moment with you.*
